August 1, 2023

Honorable Mayor and Members of the City Council:

On behalf of City Administration and Staff, I respectfully present to you the FY 2024 Proposed Budget for the City of Coleman, Texas.

This Proposed Budget is presented for your review and consideration over the next month. During this time, the City Council and City Staff are scheduled to hold budget meetings, public hearings, and discussions on the contents of the Proposed Budget. During the upcoming budget workshop sessions, we hope the Mayor and City Council will recognize the significant efforts made by all City personnel to achieve Council goals and fund budget priorities.

The basis of budgeting the City of Coleman uses is cash, which is different from the entity's audited financial statements. The purpose of the City of Coleman's budget is to serve as a "blueprint" for providing City services and as a working financial plan for the fiscal year.

The proposed budget document presents and explains each fund separately. Each fund section includes supplemental information which illustrates where the money is being allocated, number of employees compensated from the fund, historical funding information to include Adopted, Revised, Proposed, and other pertinent data. It also represents the official organization plan by which, City policies, priorities, and programs are implemented. The budget provides the means to communicate to the residents, businesses, and employees how the City's financial resources are used to provide services to the community. The budget includes the operating costs to manage the City and the projects the City plans to undertake during the fiscal year. The budget presentation has been in production for more than four months and is the result of many staff hours focused on the continuous improvement of services dictated by our growing community.

As with the last five years, this budget is a balanced budget and it continues to be realistic and fiscally conservative. Centered around Council Goals and Objectives, this budget represents the financial plan for providing public services during the upcoming year. Staff worked diligently to create a budget that aligns with the prioritized goals and strategies to effectively meet the needs of our Citizens.

The Goals established by the City Council for FY 2024 include:

- Safe and Secure Community
- Financial Integrity
- Economic Growth
- Enhancement to Quality of Life
- Public Service Excellence

Prior to beginning the budget process, and through the course of the last few fiscal years, the City Council indicated a desire to see the City make improvements to its policies, process, and planning for managing growth in the City including infrastructure improvements, a street study, a focus on electrical, and wastewater infrastructure including development, adoption, and implementation of land use plans and comprehensive plans. Efforts were made and an emphasis was placed on funding the financial priorities of the City including funding to a level sufficient to pay outstanding debt obligations and maintaining current levels of service to Citizens.

As staff worked to construct this proposed budget for FY 2023-2024, maintaining a financially sound plan for providing public services to the residents of the City of Coleman remained our top priority. Throughout this process, staff remained aware of the challenges faced by City Council when considering the budget and managing the growth of the City. Maintaining an optimum overall tax rate that comprehensively meets the anticipated demand for service is essential as the City continues to plan a future financial foundation for Coleman. The staff would like to extend appreciation to the City Council for their dedication to making priority decisions and setting policies to responsibly direct the City into the future.

In summary when consolidating all funds, the FY 2024 Proposed Budget is a structurally balanced budget. This results in a consolidated fund summary of revenues over expenditures in the amount of \$290,560 for Revised FY 2023 and \$180,534 for Proposed FY 2024. As we begin the process of budget workshops, additional review and modifications of the proposed budget numbers will occur.

This budget was submitted to the Mayor and City Council and made available to the public on August 1, 2023. We look forward to obtaining the feedback and input from City leadership and our Citizens.

We remain: **Committed to our Residents, Organizational Pride, Leading by Example, Excellent Customer Service, Making a Difference, Accountable for our Actions, Never settle for Less – We are after all COLEMAN.**

Respectfully submitted,

Diana L Lopez
City Manager

City of Coleman, Texas

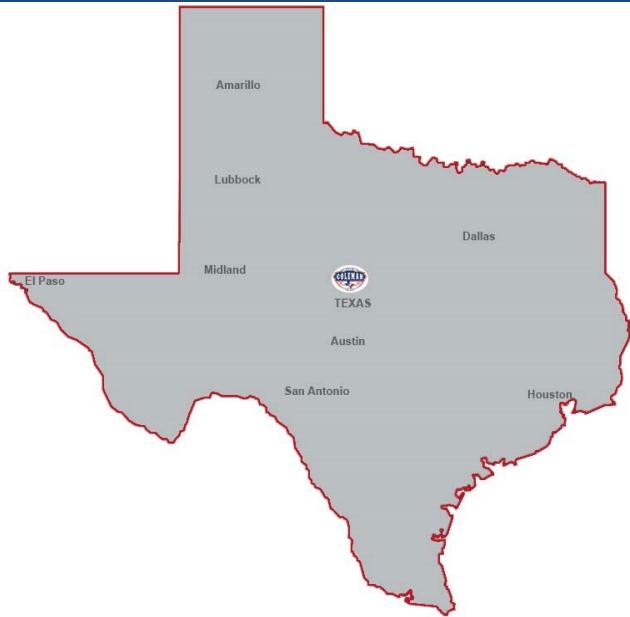

Community Profile

The City of Coleman is the county seat of Coleman County, and is located approximately 30 miles from the geographic center of Texas with convenient access to Brownwood, Abilene and San Angelo. Coleman is located at the intersection of US Hwy 84, US Hwy 283, State Hwy 206 and State Hwy 153, and is approximately three hours from Austin, Dallas, or Lubbock.

The City of Coleman was founded in July, 1876, when R. J. Clow donated 160 acres for use as a county seat. By the end of the year there were six houses, eight tents, one general store and three saloons. Coleman is located on the Great Western Trail, spanning from southern Texas to Kansas and was a key stop for cattle drives needing water and supplies on the way north.

The first electrical plant was installed in 1902 and was later purchased for operation by the City. The City operated an electrical generation plant until the mid-1980's until it was determined that necessary renovations to the plant were cost prohibitive and the switch was made to purchased power through negotiated contracts. The City still maintains over 128 miles of electrical infrastructure and is one of the oldest continuously operating electrical utilities in the state.

Similarly, the water and sewer systems were initially privately operated utilities that were later purchased for operation by the City. The primary benefit of a City-owned utility is the reinvestment of utility profits back into the community to fund parks, libraries, and public safety, thereby keeping property taxes low.

During World War II, a pilot training academy was opened on a grass field west of Coleman. Many aviators "got their wings" in Coleman and went on to serve in the Army Air Corps during the war. The City of Coleman now operates the airport and is a popular destination for hunting, fishing, and dining.

The city experienced rapid growth from 1900 to 1930, reaching a peak population of 6,530 in 1950. With a current population of 3912, the city is experiencing a revitalized economy with a bustling downtown business district. Coleman now has numerous restaurants, wineries, and other businesses that attract visitors from all over the state. In addition, the annual Coleman PRCA Rodeo draws visitors and contestants from all over the country.

City Government

The City of Coleman was founded in 1876, and was incorporated in 1892. The City's Charter was updated in 2020 and provides for a Mayor and four Councilmembers who are required to live in each of the four "Wards" of the city.

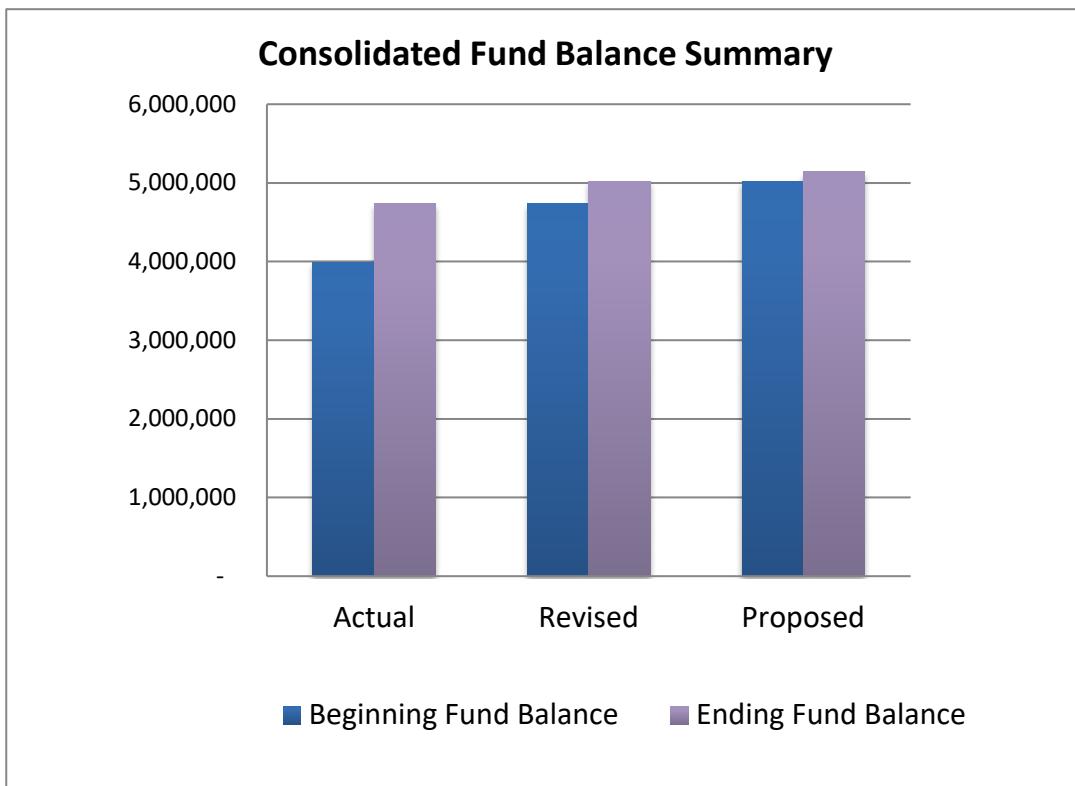

The City operates as a Home-Rule city and has a Council-Manager form of government. This provides for both elected local representation and the ability to hire professional management to oversee the daily operations of the City.

Section I

General Fund

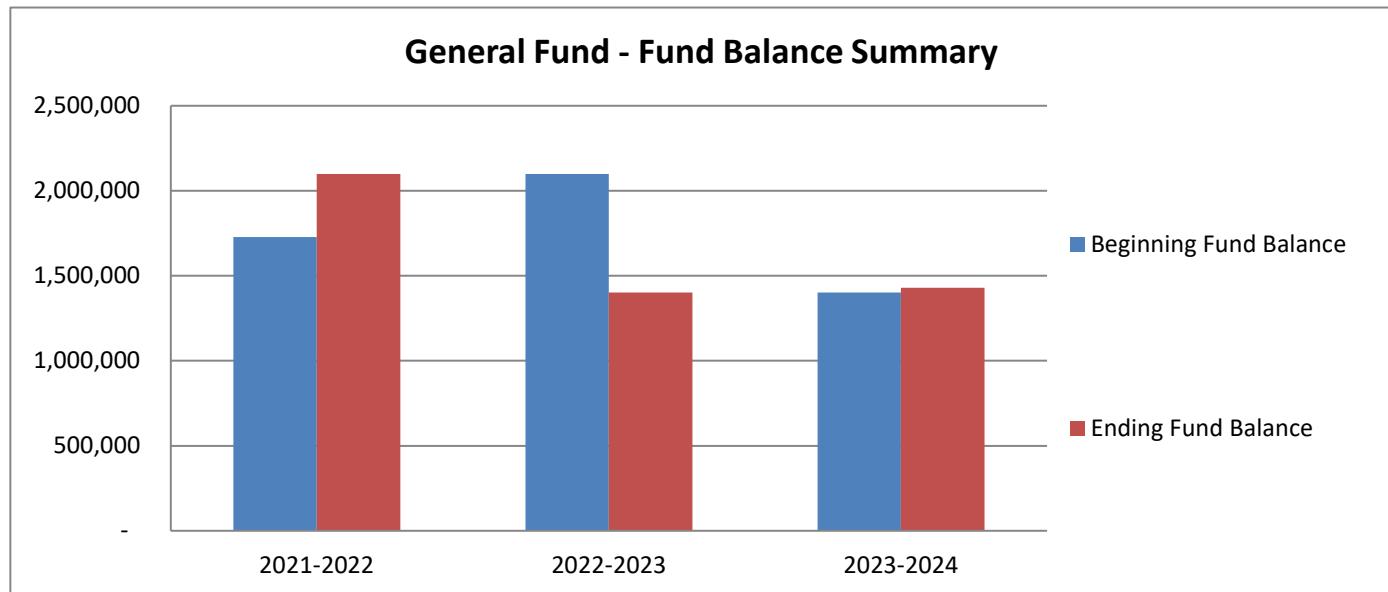

SECTION I

GENERAL FUND

The General Fund accounts for all revenues and expenditures of the City not accounted for in other funds. It is the largest of the City's funds and receives a greater variety and number of taxes and general revenues than any other fund. The General Fund's resources also finance a broader range of activities than any other fund. The primary functions financed by the General Fund include administrative, finance, police protection, fire suppression, library, parks, and street maintenance.
