## **City lifts boil water notice for City of Coleman Residents**

The City issued a boil water notice on February 17, 2021 for customers in the City of Coleman area. Water quality testing submitted to the Texas Commission on Environmental Quality (TCEQ) has confirmed that tap water meets all regulatory standards and is safe to drink. Customers are no longer required to boil water used for drinking, cooking, and making ice. The boil water notice has been lifted.

We appreciate everyone's patience over the last several days. For more information, contact the City of Coleman Water Treatment Plant at (325) 625-5412.
