

**PRESS RELEASE
CITY OF COLEMAN
May 8, 2019**

For Immediate Release:

Phone Lines Currently Down at City Hall

The weather this morning has affected the phone lines that service most City of Coleman City Hall Offices. Lines include: City Administration, Human Resources, Utility Billing, Inspections, and Code Enforcement. Our service provider is currently working to resolve the issue; however, they are indicating it may be 48 hours before all lines are operational. Callers who are trying to reach one of these offices may experience a busy signal.

The Coleman Police Department is not affected by the outage. 9-1-1 systems are still operational.

We will send an update when we have more information. Thank you for your patience during this time.

Diana Lopez, Coleman City Manager
