FY 2025 Disaster Supplemental (EDA-Disaster-2025) Administration Services – Program Description

[EDA-Disaster-2025] funding will help communities devise and implement long-term economic recovery strategies to recover and become resilient to future disasters through a variety of construction and non-construction projects. EDA expects every project it funds to be resilient to future disruptions, to the greatest extent possible, including the impacts of climate change. Applicants should demonstrate that they have sufficiently accounted for current and future weather- and climate-related risks, such as wildfires, droughts, extreme heat and cold, inland and coastal flooding, and the high-impact winds produced by weather events such as tornadoes and hurricanes. Examples of projects that EDA can support through this program include, but are not limited to:

- construction or upgrading of public infrastructure, including broadband infrastructure;
- workforce development, including the design and implementation of sectoral partnerships (see section 3.a. of NOFO);
- activities necessary to strengthen cluster acceleration and expansion;
- capitalization or recapitalization of revolving loan funds (RLFs);
- development and implementation of long-term disaster recovery and resiliency plans, including capacity building;
- enhancement of infrastructure to make it more resilient to natural disasters;
- development or expansion of commercialization and proof of concept centers;
- procurement of equipment for workforce training programs;
- market or industry research and analysis for larger economic development projects;
- creation or expansion of foreign direct investment, trade, or export initiatives;
- economic development projects that enhance density in the vicinity of other economic development;
- “strategy grants” to develop, update, or refine a Comprehensive Economic Development Strategy (CEDS) as described in EDA’s regulations at 13 C.F.R. § 307.3; and
- development of projects that provide technical assistance to enhance the capacity of key economic development actors in the region to promote the region’s locally owned strategies.

In addition to implementation projects, applicants may also seek funding in the form of a “strategy grant” to develop, update, or refine a Comprehensive Economic Development Strategy (CEDS) that alleviates long-term economic deterioration or a sudden and severe economic dislocation, as described in EDA’s regulations at 13 C.F.R. § 307.3.

Additionally, depending on the needs of a region, Applicants may [also] be eligible for an initial strategy grant and a subsequent implementation grant. For the purposes of [the] Disaster Supplemental NOFO, non-construction strategy grants may include the otherwise ineligible areas, due to not receiving a major disaster designation under the Stafford Act in calendar year 2021/2022, of an Economic Development District (EDD) when a majority of the counties of a defined region, such as an EDD, are otherwise eligible under [the] Disaster Supplemental NOFO.

- (3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

- (7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted

construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

- (8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The [recipient] further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the [recipient] so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The [recipient] agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The [recipient] further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the [recipient] agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the [recipient] under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such [recipient]; and refer the case to the Department of Justice for appropriate legal proceedings.
